Most Awesome

Magical Music Classes

TOTAL VOTE COUNT
206,650

Winner: Apple Seeds

What other class will offer a live, three piece band? Apple Seeds offers classes for both parents and kids to rock out on instruments from around the world. These tunes aren't just your average lullaby either, they are original songs that stimulate interactive experiences. There'll be visual art, magic tricks, and a little rock 'n' roll that the parents are sure to appreciate.
